

Celebrating 10 Years of St. Joe's Baby Faces

In the spring of 2008, Teresa Cascioli approached St. Joseph's Healthcare Foundation with a \$1 million gift to the Timeless Care, Tomorrow's Discoveries Campaign and an idea that would inspire other St. Joe's babies to support the Hospital where their lives began. So the St. Joe's Baby Face Photo Wall was born – a program that invites community members to make a gift and display their baby photo at our Charlton Campus.

We're celebrating the 10th anniversary of the Baby Wall and its many successes, including:

- 32 panels decorating our walls
- More than 876 baby photos on display
- 445 donations received from Baby Wall supporters
- 41 Corporate and Community Sponsors

Funds raised have helped renew our facilities like the Surgical Centre. We've purchased vital equipment and have given the babies in our Birthing Unit the healthiest start possible. The Baby Wall has also complemented our reputation for providing impeccable care in our birthing centre and beyond.

We look forward to building on the success of this exciting program with the continued support of our corporate sponsors.

Become a Corporate Sponsor for \$10,000

Join us as we celebrate 10 years of St. Joe's baby faces and their impact by becoming a corporate sponsor of our Baby Wall. It's a great way for you and your staff to give back and promote your business in the community where you work and live.

In recognition of your \$10,000 corporate sponsorship, you'll receive:

- Your logo prominently displayed on your very own Baby Wall panel
- The chance to fill your panel with photos of family, friends, and colleagues (whether they were born at our Hospital or want to be honorary St. Joe's babies)
- Valuable exposure for your business with thousands of patients, visitors, and staff
