

## Free Will Offer

### Create or Update Your Will for FREE

St. Joe's is offering for a limited-time opportunity to create or revise their Will free of charge through our partnership with the Canadian Free Wills Network (CFWN). For many of us, writing a Will has been on our to-do list for far too long. Now you can have peace of mind as free Wills are being offered with the help of local participating lawyers.

### Who is invited?

The program is open to staff **age 50 or over**. While there is no obligation to include St. Joe's in your Will, however one of the most powerful ways for you to give thanks and to leave a lasting legacy is to add St. Joseph Healthcare Foundation as a beneficiary of your Will. A gift of any amount big or small will have an impact on patient care for generations to come.

### How does it work?

Just let us know you are interested in participating in the Free Will offer by phone or email (see information below). The Free Will Network will mail you an information package with a list of local lawyers you can call to help write or update your Will.

### Why is a Will important?

A Will is something that everyone needs regardless of age and assets, yet a surprising **56% of adult Canadians do not have a Will**. Without a Will, the courts will take control of your assets and make decisions on your behalf; without your wishes being considered. Your family may also incur additional legal fees and wait times in receiving their share of the estate.

### When does the offer run?

This offer runs for a limited time only. Please be in touch soon as the number of free Wills available is limited and is on a first-come, first-serve basis. Thank you for supporting St. Joe's!
